With state Rep. Deb Conroy stepping down to run for DuPage County Board Chairman, a new legislator will represent Illinois House District 46.

The Republican in the race is Robert Stevens, a truck driver and small business owner from Villa Park...

Stevens says mental health policy was one of the issues that motivated him to run for state office. He has worked for decades to help recovering addicts....he's concerned about high taxes, corruption and the cost of living in the state. He pledges to listen to constituents in the district.

He makes a reasonable argument and would represent that position well. **Stevens is endorsed.**

ROBERT STEVENS ILLINOIS STATE REPRESENTATIVE FOR DISTRICT 46

The Madigan/Cullerton Machine spent millions of dollars to keep rubber stampers and corrupt politicians in place. Their successors are trying to spend millions more again.

When I've gone to your doors, many of you told me you feel helpless. Like nothing is going to change. That no-one listens to you.
THIS YEAR IS DIFFERENT.

When it came time for the editorial board to choose, the regular, common sense, hard-working guy finally gets the nod!

Paid for the Committee to Elect Robert R Stevens. A copy of our report is/will be at the Illinois Elections website.

You deserve a someone who is going to deliver for YOU in Springfield. I'm a regular middle-class guy. I'm not chasing the special interest dollars. I'm knocking on as many doors as I can because it is time for your voice to finally be heard. On taxes, gas prices, safety, crime, mental health, schools, jobs, and much, much more.

There's a lot of work to do. I hope that I can have your trust, and your help and your VOTE to get it done!!!

PLEASE VOTE ROBERT STEVENS.
